

IMPORTANT NOTICE REGARDING GUESTS AT OUR COMMUNITY PARK

The 2023 Community Park season is opening. The Park, owned by the Cosumnes River Community Services District (CRCSD), is available primarily to CRCSD property owners and renters holding valid permits issued by the Board of Directors. Access to the Community Park is also available upon payment of a day use fee.

CRCSD by-laws state: **“Both Owner Permits and Renter Permits allow guests when accompanied by the Permit holder who is responsible for the safety and behavior of guests”**. Most people, including guests, exhibit appropriate conduct while enjoying our Park. However, last Park season there were a number of loud and aggressive groups, comprised mostly of Park guests, disrupting others at the Park.

The Board of Directors and its Park Committee will not tolerate such behavior and disruption during the upcoming season. If any person, permit holder or guest exhibits disruptive conduct or behavior that/those person(s) will be required to leave the Park immediately upon notification by Park Security, a member of the Board of Directors or Park Committee. Recurring issues will be reviewed by the Board for other enforcement action.

Our community is grateful to have a place of beauty for families and individuals to enjoy. We look forward to the upcoming Park season.
